The Michelson Organization Savings Investment Plan

ENROLL NOW TO TAKE FULL ADVANTAGE OF YOUR RETIREMENT SAVINGS PLAN BENEFITS

YOUR GUIDE TO GETTING STARTED

Save for retirement through The Michelson Organization Savings Investment Plan easily, regularly, and automatically.

With all the responsibilities and financial priorities you might be juggling – mortgage payments, parenthood, saving or paying for college, caring for parents, and more – it can be easy to overlook the need to save for retirement. But it's important to consider setting aside money for retirement as early and regularly as you can, because the quality of your retirement years could very well depend on how much you have been able to save.

As you consider enrolling in The Michelson Organization Savings Investment Plan and selecting investment options for your account, please review this Enrollment Guide. It contains valuable information that may help you better understand the basics of investing, as well as help you make the most of your company's retirement savings plan.

PARTICIPATING IN YOUR **plan**

There are many benefits to participating in the The Michelson Organization Savings Investment Plan. One of the primary benefits is that you will receive help reaching your financial goals for retirement. By reviewing the important information in this guide and visiting Fidelity NetBenefits® at www.401k.com, you can take advantage of what your company and Fidelity have to offer.

When am I eligible for the Plan?

You are eligible to participate in the Plan if:

- you complete 12 months of service
- you are at least 21 years old

The Plan does not cover employees who are residents of Puerto Rico.

How do I enroll?

To enroll, log on to Fidelity NetBenefits® at www.401k.com. You can also set up your beneficiary information by going to Fidelity NetBenefits[®] at <u>www.401k.com</u> or calling a Fidelity Representative at 1-800-835-5097 to request a Designation of Beneficiary Form to fill out and return to Fidelity.

Your plan has an automatic enrollment feature. If the automatic enrollment feature applies to you and you do not take action, you will be automatically enrolled at 3%. If the automatic enrollment feature applies to you, you will receive a separate notification indicating when deferrals will begin to be made on your behalf. If you do not select an investment, your Plan Sponsor has directed Fidelity to place your contributions in the Fidelity Investments target date fund that most closely aligns with your projected retirement date based upon your birth year.

If you would prefer to elect not to participate at this time or to specifically elect a contribution rate and/or investment options, please contact Fidelity by logging onto www.401k.com or call 1-800-835-5097.

When is my enrollment effective?

Once you satisfy these requirements, you will become eligible to participate in the Plan on the first day of the following month.

How much can I contribute?

Through automatic payroll deduction, you may contribute between 1% and 90% of your eligible pay on a pretax basis, up to the annual IRS dollar limit (2025 = \$23,500). You may change your deferral percentage as applicable. Any changes made would take effect on the next Plan entry date (first day of each month).

Your company's plan has established an Annual Increase Program which will automatically increase your contributions by 1% on January 1. Each year on the designated date, your contributions will increase by the amount your company has established which may be limited to a deferral percentage communicated to you by notice. If you want to contribute more to the Annual Increase Program or if you wish to opt out of the program, follow the instructions outlined in the notification

If you are age 50 or over by the end of the taxable year and have reached the annual IRS limit or Plan's maximum contribution limit for the year, you may make additional salary deferral contributions to the Plan up to the IRS Catch-Up Contribution Limit (2025 = \$7,500).

Can I move money from another retirement plan into this one?

You may be permitted to roll over eligible contributions into this Plan from a previous employer's retirement plan. For other eligible account types, please see your Summary Plan Description. Once you have confirmed that your Employer will accept your rollover contribution, you can get started in the "Rollovers" section online. Be sure to consider all your available options and the applicable fees and features of each before moving your retirement assets.

Does the Company contribute to my account?

Your employer will make Safe Harbor Qualified Automatic Contribution Arrangement (QACA) matching contributions to your account based on your contributions. The amount will equal 100% of the first 1% of compensation you contribute to the Plan and 50% of the next 5% of compensation you contribute to the Plan.

Certain employees are excluded from the Safe Harbor Qualified Automatic Contribution Arrangement matching contribution. Please refer to your employer or Summary Plan Description for more detailed information.

To be eligible for Safe Harbor QACA matching contributions you are required to:

make employee pretax deferral contributions

In some Plan Years, your Employer may choose to make an additional discretionary matching contribution to your account. The amount would be determined at Plan Year end by a Board of Directors' Resolution.

To be eligible for additional discretionary matching contributions you are required to:

make employee pretax deferral contributions

For purposes of determining your matching contributions under the Plan, your deferral contributions will include Age 50 and over Catch-Up Contributions described above.

Your Employer may designate all or a portion of any matching contributions for a Plan Year as "qualified matching contributions" and allocate them to employees to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination test(s). Any such contributions will be allocated to those non-highly compensated Participants eligible to receive the Employer matching contributions described above who made deferral contributions during the Plan Year. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions.

The Employer may make a discretionary profit sharing contribution to only those participants who are eligible under the terms of the plan. Please refer to your employer or Summary Plan Description for more detailed information.

When am I vested?

The term "vesting" refers to the portion of your account balance that you are entitled to under the plan's rules.

You are always 100% vested in your:

- employee pretax account
- rollover account
- and any earnings thereon.

Employer matching contributions and earnings will be vested in accordance with the following schedule:

Years of Service for Vesting	Percentage		
less than 2	0		
2	100		

Employer profit sharing contributions and earnings will be vested in accordance with the following schedule:

Years of Service for Vesting	Percentage
less than 2	0
2	20
3	40
4	60
5	80
6	100

Can I take a loan from my account?

Although your plan account is intended for your retirement, you may take a loan from your account.

Can I make withdrawals from my account?

Withdrawals from the Plan are generally permitted in the event of termination of employment, retirement, disability, as a Required Minimum Distribution (RMD), or death. You may also be eligible for a withdrawal in the case of a severe financial hardship as defined by your Plan.

How do I access my account?

Within NetBenefits® you have access to your account information, retirement planning tools, and e-Learning workshops® that provide you

access to self-paced training on savings and investing principles.

You may call the Retirement Benefits Line at 1-800-835-5097 between 8:30 a.m. and 8:00 p.m. on any business day when the New York Stock Exchange is open. Fidelity Representatives can assist you with transactions and answer many of your questions regarding retirement savings.

How do I learn more?

Within NetBenefits®, you have access to your account information and retirement planning tools including:

Live and self-paced learning workshops. The workshops cover a variety of topics including determining your retirement savings needs, evaluating your investment options and keeping your investment strategy on track to help you achieve your retirement goals.

In addition, you can take advantage of local Investor Centers by scheduling time with a Fidelity Representative to discuss your total investment needs beyond your retirement savings plan. Or, if you prefer, call 1-800-Fidelity for a complimentary portfolio review.

How do I change my investment options?

You can make changes to your investment selections within NetBenefits® or by calling the Retirement Benefits Line at 1-800-835-5097.

Create an asset strategy that's right for you:

Visit the Learn section within NetBenefits®

How do I manage my account?

Within NetBenefits[®], you may sign up to receive alerts via email when your retirement savings account strays from the investment allocation you established.

To update your beneficiary information, go to the Profile section within NetBenefits® and enter your beneficiary information at any time.

INVESTMENT **options**

Before investing in any investment option, consider the investment objectives, risks, charges, and expenses.

Contact Fidelity for a mutual fund prospectus or, if available, a summary prospectus containing this information.

Read it carefully.

What follows is an introduction to the investment options you can choose for your plan account. You can spread your investments among several options to take advantage of what each has to offer and help balance different types of risk. Reviewing this information can help you understand and compare your options. For more complete information about any of the investment options available through the plan, including fees and expenses, log on to Fidelity NetBenefits[®] at www.401k.com for prospectuses. Read them carefully before you invest.

More Conservative

Investment Options to the left have potentially more inflation risk and less investment risk

More Aggressive

Investment Options to the right have potentially less inflation risk and more investment risk

This spectrum, with the exception of the Domestic Equity category, is based on Fidelity's analysis of the characteristics of the general investment categories and not on the actual investment options and their holdings, which can change frequently. Investment options in the Domestic Equity category are based on the options' Morningstar categories as of the date indicated. There may be a number of funds in each category and each may have a significantly different risk profile as compared to other funds within that category as well as compared to funds in other categories on the spectrum. Morningstar categories are based on a fund's style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options' objectives and do not predict the investment options' future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options can vary significantly within each particular investment category and the relative risk of categories may change under certain economic conditions. For a more complete discussion of risk associated with the mutual fund options, please read the prospectuses before making your investment decisions. The spectrum does not represent actual or implied performance.

ADDITIONAL INVESTMENT **Options:**

Target Date funds offer a blend of stocks, bonds, and short-term investments within a single fund. They are designed for investors who don't want to go through the process of picking several funds from the three asset classes but who still want to diversify among stocks, bonds, and short-term investments.

Investment Options to the left have potentially more inflation risk and less investment risk and more investment risk and more investment risk

Fidelity Freedom® 2015 Fund	Fidelity Freedom® 2040 Fund	Fidelity Freedom® 2055 Fund			
Class K	Class K	Class K			
Fidelity Freedom® 2020 Fund Class K		Fidelity Freedom® 2060 Fund Class K			
Fidelity Freedom® 2025 Fund Class K		Fidelity Freedom® 2065 Fund Class K			

Target date investments are generally designed for investors expecting to retire around the year indicated in each investment's name. The investments are managed to gradually become more conservative over time. The investment risks of each target date investment change over time as its asset allocation changes. They are subject to the volatility of the financial markets, including equity and fixed income investments in the U.S. and abroad and may be subject to risk associated with investing in high yield, small cap and foreign securities. Principal invested is not guaranteed at any time, including at or after their target dates.

NEXT STEPS

Investing in yourself is easy with your retirement plan. You can count on us to support you every step of the way with our account management website, Fidelity NetBenefits®. First log in to www.401k.com and we'll show you how to get started step by step.

Step 1: Enroll online today. Go to www.401k.com and click on "Register Now" when logging in for the first time. Follow the instructions to enroll online. Call the Retirement Benefits Line if you need assistance at 1-800-835-5097.

Step 2: Decide how much to invest and enter your contribution per pay period.

Step 3: Select how you want to invest your contributions among the investment options available in the plan. Investment performance and fund descriptions are available online or over the phone. If you are interested in additional information about investing, go to the NetBenefits® Library to learn more.

Enroll today, and start saving for your retirement.

DESCRIPTIONS OF INVESTMENT **Options**

MONEY MARKET FUNDS

Fidelity® Government Money Market Fund Class K6 3067

Gross Expense Ratio: 0.27 as of 06/29/2024

Seeks as high a level of current income as is consistent with preservation of capital and liquidity.

Strategy:

The Adviser normally invests at least 99.5% of the fund's total assets in cash, U.S. Government securities and/or repurchase agreements that are collateralized fully (i.e., collateralized by cash or government securities). Certain issuers of U.S. Government securities are sponsored or chartered by Congress but their securities are neither issued nor guaranteed by the U.S. Treasury. Investing in compliance with industry-standard regulatory requirements for money market funds for the quality, maturity, liquidity and diversification of investments. The Adviser stresses maintaining a stable \$1.00 share price, liquidity, and income. In addition the Adviser normally invests at least 80% of the fund's assets in U.S. Government securities and repurchase agreements for those securities.

Risk:

You could lose money by investing in the fund. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Fidelity Investments and its affiliates, the fund's sponsor, are not required to reimburse money market funds for losses, and you should not expect that the sponsor will provide financial support to the fund at any time, including during periods of market stress. Interest rate increases can cause the price of a money market security to decrease. A decline in the credit quality of an issuer or a provider of credit support or a maturity-shortening structure for a security can cause the price of a money market security to decrease.

Fidelity's government and U.S. Treasury money market funds will not impose a fee upon the sale of your shares.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who has a low tolerance for investment risk and who wishes to keep the value of his or her investment relatively stable.
- Someone who is seeking to complement his or her bond and stock fund holdings in order to reach a particular asset allocation.

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

On January 24, 2018, an initial offering of the Fidelity Government Money Market Fund - Class K6 took place. Returns and expenses prior to that date are those of the Fidelity Government Money Market Fund. Had Fidelity Government Money Market Fund - Class K6 class expenses been reflected in the returns shown, total returns would have been higher.

Fidelity is reimbursing a portion of the fund's expenses. If Fidelity had not, the returns would have been lower.

Short-term Redemption Fee Notes:

None

BOND FUNDS

Fidelity® Intermediate Treasury Bond Index Fund 3045 **Gross Expense Ratio:** 0.03 as of 04/29/2024 **Objective:**

Seeks a high level of current income.

Strategy:

Normally investing at least 80% of assets in securities included in the Bloomberg 5-10 Year U.S. Treasury Bond Index. Normally maintaining a dollar-weighted average maturity of three to 10 years. Engaging in transactions that have a leveraging effect on the fund.

Risk:

Bond funds contain interest rate risk (as interest rates rise bond prices usually fall); the risk of issuer default; and inflation risk. Leverage can increase market exposure and magnify investment risk.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking a fund that invests primarily in securities issued by the U.S. government and its agencies or instrumentalities.
- Someone who is seeking to diversify an equity portfolio with a more conservative investment option.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

The Bloomberg U.S. Treasury 5-10 Year Index is a market value-weighted index of investment-grade fixed-rate public obligations of the U.S. Treasury with maturities between five and ten years.

Weighted average maturity (WAM) is the weighted average of all the maturities of the securities held in a fund. WAM for money market funds can be used as a measure of sensitivity to interest rate changes. Generally, the longer the maturity, the greater the sensitivity. WAM for money market funds is based on the dollar-weighted average length of time until principal payments must be paid, taking into account any call options exercised by the issuer and any permissible maturity shortening devices, such as demand features and interest rate resets. For bond funds, WAM can be used as a measure of sensitivity to the markets. Generally, the longer the maturity, the greater the sensitivity. The WAM calculation for bond funds excludes interest rate resets and only takes into account issuer call options if it is probable that the issuer of the instrument will take advantage of such options.

Returns prior to October 4, 2017 are those of the Premium Class and reflect the Premium Class' expense ratio. Had the Institutional Premium Class' expense ratio been reflected, total returns would have been higher.

Short-term Redemption Fee Notes:

None

BALANCED/HYBRID FUNDS

Fidelity® Multi-Asset Index Fund 0355

Gross Expense Ratio: 0.13 as of 04/29/2024

Objective:

Seeks high total return.

Strategy:

Investing in a combination of seven Fidelity stock and bond index funds (underlying Fidelity funds) using an asset allocation strategy designed for investors seeking a broadly diversified, index-based investment. The Fidelity Multi-Asset Index Fund currently may invest in four Fidelity stock index funds (U.S. and international) and three Fidelity bond index funds (U.S. investment grade, U.S. long-term treasury, and international)) to achieve the fund's desired asset allocation.

Risk:

Many factors affect Multi-Asset Index's performance. Multi-Asset Index's share price changes daily based on the performance of the underlying Fidelity funds in which it invests. The ability of Multi-Asset Index to meet its investment objective is directly related to its target asset allocation among the underlying Fidelity funds and the ability of those funds to meet their investment objectives. The following factors can significantly affect Multi-Asset Index's performance: stock market volatility, interest rate change, foreign exposure including exposure to emerging markets, prepayment, issuer specific changes, mid cap investing and small cap investing.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking to invest in a fund that invests in both stocks and
- Someone who is seeking the potential both for income and for long-term share-price appreciation and who is willing to accept the volatility of the bond and stock markets.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

Fidelity is reimbursing a portion of the fund's expenses. If Fidelity had not, the returns would have been lower.

Short-term Redemption Fee Notes:

None

DOMESTIC EQUITY FUNDS

Fidelity® 500 Index Fund 2328

Gross Expense Ratio: 0.015 as of 04/29/2024 **Objective:**

Seeks to provide investment results that correspond to the total return (i.e., the combination of capital changes and income) performance of common stocks publicly traded in the United States.

Strategy:

Normally investing at least 80% of assets in common stocks included in the S&P 500 Index, which broadly represents the performance of common stocks publicly traded in the United States.

Risk:

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is seeking both growth- and value-style investments and who is willing to accept the volatility associated with investing in the stock market.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

The S&P 500 Index is a market capitalization-weighted index of 500 common stocks chosen for market size, liquidity, and industry group representation to represent U.S. equity performance.

Returns prior to May 4, 2011 are those of the Premium Class and reflect the Premium Class' expense ratio. Had the Institutional Premium Class' expense ratio been reflected, total returns would have been higher.

Short-term Redemption Fee Notes:

None

Fidelity® Extended Market Index Fund 2365

Gross Expense Ratio: 0.035 as of 04/29/2024 **Objective:**

Seeks to provide investment results that correspond to the total return stocks of mid- to small-capitalization United States companies.

Strategy:

Normally investing at least 80% of assets in common stocks included in the Dow Jones U.S. Completion Total Stock Market Index, which represents the performance of stocks of mid- to small-capitalization U.S. companies.

Risk:

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Investments in smaller companies may involve greater risks than those in larger, more well known companies.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price
- Someone who is seeking both growth- and value-style investments and who is willing to accept the generally greater volatility of investments in smaller companies.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

The Dow Jones U.S. Completion Total Stock Market Index is an unmanaged index that represents all U.S. equity issues with readily available prices, excluding components of the S&P 500.

Returns prior to September 8, 2011 are those of the Premium Class and reflect the Premium Class' expense ratio. Had the Institutional Premium Class' expense ratio been reflected, total returns would have been higher.

Short-term Redemption Fee Notes:

Fidelity® Small Cap Index Fund 2358

Gross Expense Ratio: 0.025 as of 06/29/2024 Objective:

The fund seeks to provide investment results that correspond to the total return of stocks of small-capitalization United States companies.

Normally investing at least 80% of assets in securities included in the Russell 2000 Index. Lending securities to earn income for the fund.

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Investments in smaller companies may involve greater risks than those in larger, more well-known companies.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is seeking both growth- and value-style investments and who is willing to accept the generally greater volatility of investments in smaller companies.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the

The Dow Jones U.S. Total Stock Market Index is an unmanaged market capitalization-weighted index of over 5,000 U.S. equity securities which contains all actively traded common stocks with readily available price data. Returns prior to September 8, 2011 are those of the Premium Class and reflect the Premium Class' expense ratio. Had the Institutional Premium Class' expense ratio been reflected, total returns would have been higher.

Short-term Redemption Fee Notes:

None

INTERNATIONAL/GLOBAL FUNDS

Fidelity® International Index Fund 2363

Gross Expense Ratio: 0.035 as of 04/29/2024 **Objective:**

Seeks to provide investment results that correspond to the total return of foreign stock markets.

Strategy:

Normally investing at least 80% of assets in common stocks included in the Morgan Stanley Capital International Europe, Australasia, Far East Index, which represents the performance of foreign stock markets.

Risk:

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks, all of which are magnified in emerging markets.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking to complement a portfolio of domestic investments with international investments, which can behave differently.
- Someone who is willing to accept the higher degree of risk associated with investing overseas.

Footnotes:

None

SPECIALTY FUNDS

Fidelity® Real Estate Index Fund 2355

Gross Expense Ratio: 0.07 as of 09/28/2024

The fund seeks to provide investment results that correspond to the total return of equity REITs and other real estate-related investments.

Strategy:

Normally investing at least 80% of assets in securities included in the MSCI US IMI Real Estate 25/25 Index. Lending securities to earn income for the fund.

Risk:

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks. Changes in real estate values or economic downturns can have a significant negative effect on issuers in the real estate industry. The value of securities of issuers in the real estate industry can be affected by changes in real estate values and rental income, property taxes, interest rates, tax and regulatory requirements, and the management skill and creditworthiness of the issuer. The performance of the fund and its index may vary somewhat due to factors such as fees and expenses of the fund, transaction costs, sample selection, regulatory restrictions, and timing differences associated with additions to and deletions from its index.

Short-term Redemption Fee:

Who may want to invest:

- Someone who is willing to accept the potentially lower diversification and higher risks associated with investing in a particular industry or
- Someone who is seeking to complement his or her core holdings with investments concentrated in a particular sector or industry.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

The MSCI US IMI Real Estate 25/25 Index measures U.S. publicly traded real estate securities. It screens for market cap, liquidity and percentage of revenue derived from ownership and operation of real estate securities. It is float-adjusted market cap weighted. It is quoted in USD.

Short-term Redemption Fee Notes:

None

TARGET DATE FUNDS

Fund Class K 3021

Fidelity Freedom® 2010 Gross Expense Ratio: 0.43 as of 05/30/2024 Objective:

> Seeks high total return until its target retirement date. Thereafter, the fund's objective will be to seek high current income and, as a secondary objective, capital appreciation.

Strategy:

Designed for investors who anticipate retiring in or within a few years of the fund's target retirement year at or around age 65. Investing in a combination of Fidelity U.S. equity funds, international equity funds, bond funds, and shortterm funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a "neutral" asset allocation strategy that adjusts over time until it reaches an allocation similar to that of the Freedom Income Fund approximately 10 to 19 years after the target year. Ultimately, the fund will merge with the Freedom Income Fund. Fidelity Management & Research Company LLC (the Adviser) may modify the fund's neutral asset allocations from time to time when in the interests of investors. Buying and selling futures contracts (both long and short positions) in an effort to manage cash flows efficiently, remain fully invested, or facilitate asset allocation. Through an active asset allocation strategy, the Adviser may increase or decrease asset class exposures relative to the neutral asset allocations by up to 10 percentage points for equity, bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term.

Risk:

Investment performance of the Fidelity Freedom Fund products depends on the performance of the underlying investment options and on the proportion of the assets invested in each underlying investment option. The investment risk of each Fidelity Freedom Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked and foreign securities. Leverage can increase market exposure, magnify investment risks, and cause losses to be realized more quickly. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income

at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking an investment option intended for people in or very near retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

On July 20, 2017, an initial offering of the Fidelity Freedom K class took place. Returns and expenses prior to that date are those of the Freedom (retail) class. Had K class expenses been reflected in the returns shown, total returns would have been higher.

Short-term Redemption Fee Notes:

Fund Class K 3022

Fidelity Freedom® 2015 Gross Expense Ratio: 0.46 as of 05/30/2024 Objective:

> Seeks high total return until its target retirement date. Thereafter, the fund's objective will be to seek high current income and, as a secondary objective, capital appreciation.

Strategy:

Designed for investors who anticipate retiring in or within a few years of the fund's target retirement year at or around age 65. Investing in a combination of Fidelity U.S. equity funds, international equity funds, bond funds, and shortterm funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a "neutral" asset allocation strategy that adjusts over time until it reaches an allocation similar to that of the Freedom Income Fund approximately 10 to 19 years after the target year. Ultimately, the fund will merge with the Freedom Income Fund. Fidelity Management & Research Company LLC (the Adviser) may modify the fund's neutral asset allocations from time to time when in the interests of investors. Buying and selling futures contracts (both long and short positions) in an effort to manage cash flows efficiently, remain fully invested, or facilitate asset allocation. Through an active asset allocation strategy, the Adviser may increase or decrease asset class exposures relative to the neutral asset allocations by up to 10 percentage points for equity, bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term.

Risk:

Investment performance of the Fidelity Freedom Fund products depends on the performance of the underlying investment options and on the proportion of the assets invested in each underlying investment option. The investment risk of each Fidelity Freedom Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile

compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked and foreign securities. Leverage can increase market exposure, magnify investment risks, and cause losses to be realized more quickly. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking an investment option intended for people in or very near retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

The investment risk of each Fidelity Freedom Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile

compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked and foreign securities. Leverage can increase market exposure, magnify investment risks, and cause losses to be realized more quickly. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking an investment option that gradually becomes more conservative over time and who is willing to accept the volatility of the markets
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

Short-term Redemption Fee Notes:

None

Fidelity Freedom® Income Fund Class K 3019 **Gross Expense Ratio:** 0.42 as of 05/30/2024

Objective:

Seeks high current income and, as a secondary objective, capital appreciation.

Strategy:

Investing in a combination of Fidelity U.S. equity funds, international equity funds, bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a stable "neutral" asset allocation strategy (approximately 11% in domestic U.S. equity funds, 8% in international equity funds, 43% in U.S. investment grade bond funds, 5% in international bond funds, 3% in long-term treasury bond funds, 20% in inflation-protected bond funds, and 10% in short-term funds) The Adviser may modify the fund's neutral asset allocations from time to time when in the interests of shareholders. Buying and selling futures contracts (both long and short positions) in an effort to manage cash flows efficiently, remain fully invested, or facilitate asset allocation. Through an active asset allocation strategy, the Adviser may increase or decrease asset class exposures relative to the neutral asset allocations by up to 10 percentage points for equity, bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term.

Risk:

The fund is subject to risks resulting from the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The fund is subject to the volatility of the financial markets, including that of equity and fixed income investments. Fixed income investments entail issuer default and credit risk, inflation risk, and interest rate risk (as interest rates rise, bond prices usually fall and vice versa). This effect is usually more pronounced for longer-term securities. Leverage can increase market exposure, magnify investment risks, and cause losses to be realized more quickly. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking an investment option intended for people in retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and shortterm investments in one investment option and looking primarily for the potential for income and, secondarily, for share-price appreciation.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the

On July 20, 2017, an initial offering of the Fidelity Freedom K class took place. Returns and expenses prior to that date are those of the Freedom (retail) class. Had K class expenses been reflected in the returns shown, total returns would have been higher.

Short-term Redemption Fee Notes:

None

Plan Name (i.e., "the Plan"): The Michelson Organization Savings Investment Plan

Plan#: 96471

Incoming Rollover Instructions

"Rolling over" money into the Plan is a three-step process. Please follow these instructions to ensure that this process is completed in a timely and accurate manner. Please Note: Failure to follow these instructions may result in a delay in the processing of your request and may jeopardize your ability to roll over your distribution.

Step 1. Request your distribution

Request a direct rollover distribution from your previous eligible retirement plan. See the Incoming Rollover Contribution Application for a list of the types of plans or accounts from which rollovers may be made to your employer's plan. Please keep in mind that you can only rollover your Roth 401(k) or After-tax contributions into the plan if your plan allows for these types of rollovers. Check with your Benefits Department to see if these types of rollovers are allowed.

• The check should be made payable to Fidelity Investments Institutional Operations Company LLC (or FIIOC), for the benefit of (YOUR NAME). The check must be from the distributing trustee or custodian. (Personal checks are not acceptable.) Note: This type of distribution avoids automatic income tax withholding. Also, it avoids the possible 10% early withdrawal penalty if you are under the age of 59 1/2.

Fidelity does not accept wire transfers of funds. You must request a CHECK from your previous plan or IRA. The check should be mailed directly to you. Once you have received the check, please follow the directions in Step 2.

Step 2. Initiate your rollover request

Please log on to www.401k.com to initiate your rollover request or complete the Incoming Rollover Contribution Application. Please be sure to complete all items, and sign the form if indicated.

Please Note: This rollover contribution will be invested based on the investment elections you have on file for rollover contributions to the Plan. If you have not previously made investment elections for your rollover contribution please log on to NetBenefits® at www.401k.com to do so. Otherwise, it will be invested based on your elections for elective deferral contributions. If you have not made investment elections for either rollover or deferral contributions, this amount will be invested in the Plan-designated default investment option. If you wish to make investment elections for your rollover contribution, please do so by contacting Fidelity Investments prior to submitting this form.

If you are not sure of the plan type that you are rolling out of, please contact your previous Plan Sponsor or IRA custodian for verification. Some plan types are not eligible for rollover.

You should make a copy of the check and the Incoming Rollover Contribution Application for your records.

Step 3. Mail the information

Mail (1) the Incoming Rollover Contribution Application and (2) the check to:

FIRST CLASS MAIL WITH STAMP:

Fidelity Investments Client Service Operations P.O. Box 770003 Cincinnati, OH 45277-0065

Overnight Address:

Fidelity Investments Client Service Operations (KC1F-L) 100 Crosby Parkway Covington, KY 41015

Please include all the information requested. Incomplete forms and the accompanying check will be returned to you and may jeopardize your ability to roll over your distribution.

Once your contribution is accepted into the Plan, you can log on to Fidelity NetBenefits® at www.401k.com to view your rollover contribution and investment election(s). Please allow at least seven business days for processing. If you have any questions about rollover contributions, call 1-800-835-5097. Please be sure you have beneficiary information for the Plan on file.

Plan Name (i.e. the Plan): The Michelson Organization Savings Investment Plan Plan #: 96471 **Incoming Rollover Contribution Application** Section One: Participant Information (please print) The following section must be completed entirely to ensure that your account is properly set up Social Security #: Hire Date: ____/___ Birth Date: ____/___ Participant Name (first, MI, last): Participant Address: ____ City: ______ State: _____ ZIP: _____ _____ Phone (evening): _____ Phone (day): _____ Section Two: Rollover Contribution Information Acceptable rollover funds

The Plan will accept taxable* money from the following types of plans: 401(a) plans (e.g., 401(k)); 403(a) plans; governmental 457(b) plans; 403(b) plans (e.g., plans of tax-exempt organizations); conduit IRAs (rollover IRAs); non-conduit IRAs (traditional IRAs, Simplified Employee Pension plans (SEP-IRAs)) and "SIMPLE" IRA distributions made more than two years from the date you first participated in the SIMPLE IRA; distributions of taxable monies made to you as (1) a Spousal beneficiary from a current or former spouse from these types of plans, or (2) an alternate payee pursuant to a qualified domestic relations order (QDRO). In addition, the Plan will accept the following money types if indicated below: Roth 401(k), Roth 403(b), or Roth 457(b); After-tax contributions from 401(a) and 403(a) plans.

*Taxable money is defined as pretax contributions (employee and employer), earnings on pretax contributions, and taxable earnings on after-tax contributions from your previous employer's plan.

Please note: Making rollover contributions to the Plan that consist of assets other than qualified 401(a), or 403(a) plan assets, or conduit IRA (rollover IRA) assets, may result in the loss of capital gains or 10-year income-averaging tax treatment associated with lump sum distributions from the Plan. If you may be eligible for this special tax treatment, you should consult your tax adviser and carefully consider the impact of making a rollover contribution to the Plan. Please talk to your tax adviser for additional information and review the special tax notice to determine if you're eligible.

Enclosed Contribution Pre-tax Dollars \$ After-tax dollars \$ Contributions excluding earnings

Unacceptable rollover sources

The Plan cannot accept money from the following sources: rollovers from nonspousal beneficiary accounts, payments over a life expectancy or a period of 10 or more years, or Required Minimum Distributions (RMDs). Also unacceptable are Roth IRAs, HSAs and Coverdell Education Savings Accounts (CESAs). In-kind distributions of employer stock are not acceptable; therefore, stock must be sold and the proceeds (including any appreciation realized through the date of distribution) may be rolled over.

Section Three: Investment Elections

I direct Fidelity to invest my rollover contribution into my current investment mix applicable to rollover contributions. If I have not previously made investment elections for the rollover contribution it will be invested based on my elections for elective deferral contributions. If I have not selected an investment mix on my own via NetBenefits® or by telephone, I understand that this rollover contribution will be invested in the Plan's default investment option as directed by my employer.

Section Four: Participant Certification

I authorize the investment election for this rollover and acknowledge that I have received information detailing my available investment options. I acknowledge that my rollover contribution will be invested in accordance with section three of this form.

I certify that this rollover amount is composed ONLY of money from acceptable sources listed under SectionTwo, and I have completed the information regarding the source of this money to the best of my knowledge. Also, if the distribution check was made payable to me, I understand that this rollover must be received and deposited to my account within 60 days of receipt of the distribution. I understand that, once invested, these monies will be subject to the terms that govern the Plan.

For more information about the 401(k) Plan, go to www.401k.com

This information provides only a summary of the main features of the The Michelson Organization Savings Investment Plan, and the Plan document will govern in the event of any discrepancy.

A mutual fund expense ratio is the total annual fund or class operating expenses (before waivers or reimbursements) paid by the fund and stated as a percentage of the fund's total net assets. For other types of investments, the figure in the expense ratio field reflects similar information, but may have been calculated differently than for mutual funds. Mutual fund data comes from the fund's prospectus. For non-mutual fund investment options, the information has been provided by the plan sponsor, the investment option's manager, or the trustee. When no ratio is shown for these options, it is because none was available. There may be fees and expenses associated with the investment option. Expense information changes periodically. Please consult NetBenefits.com for updates.

The Plan is intended to be a participant-directed plan as described in Section 404(c) of ERISA, which means that fiduciaries of the Plan are ordinarily relieved of liability for any losses that are the direct and necessary result of investment instructions given by a participant or beneficiary.
